

ARTIFICIAL GRASS

Soft, Safe, and Fun: The Ideal Playground Surface

Artificial grass provides the perfect playground surface, offering a soft, cushioned texture that enhances safety without compromising fun. Its gentle feel underfoot mimics the softness of natural grass, reducing the impact of falls and creating a comfortable, inviting space for children to play.

IPEMA CERTIFIED

NUTMEG LUSH

DETAILS

This artificial grass offers a lush, full feel that rivals the beauty of natural grass. Designed with UV-resistant polyethylene yarn and a diamond mono shape, its fibers remain vibrant and resilient against harsh sunlight and heavy use.

PLAY-SAFE

FieldTurf's Play-Safe System meets various Critical Fall Height ratings and combines the benefits of artificial grass with the additional safety of a playground shock pad.

IPEMA Certified

Hypo-allergenic

Does not harbor staph and MRSA

ADA Compliant
