PRODUCT LINE SHEET

Athletic Equipment

Since 1985, Bison has provided safe, durable, innovative and on-time products to fit your unique sports equipment needs. Bison has a full line of volleyball equipment to its product lineup as well as, for soccer, football, and many more sports.

For over 60 years Jaypro Sports® has provided thousands of sports and recreation products that last long, operate smoothly and give you years of trouble free use. As the exclusive distributor for Jaypro Athletic Equipment in Texas, we can provide hoops, gym curtains, wall pads, outdoor hoops, outdoor netting, batting cages, soccer goals, lacrosse goals, outdoor pads, etc.

Landscape Structures® has introduced line called FitCore™ Extreme. Extreme fitness is gaining popularity based on current TV shows, and now you can create your own custom fitness course using combinations of 38 pre-designed challenges. Each piece can also be a challenging obstacle for your park or free running.

Agorespace develops multiuse game areas that allow visitors to entertain themselves freely. These fields give free access to everybody and can be used by kids, teenagers and adults, no matter which sport they prefer.

Doors/Windows

Crown Incorporated is the manufacturer of the patented SST-II Hydraulic Bi-Folding Door and Window Systems. As their distributor in Texas, we can offer these doors and windows commonly used in retail, hospitality, education, and restaurants.

GaGa Ball Pits

We are the distributor for GaGa Ball pits by Action Play Systems in north, east, and central Texas. This is an elementary school type game that consists of a lightweight bouncy or foam ball and an octagon enclosure known as the "GaGa Ball Pit."

PRODUCT LINE SHEET

GaGa Ball Pits

As a game that's great for any group size and skill level, Coach Cliff saw GaGa Ball as a way to bring parents, kids and communities together. He went to work designing and creating a durable, portable and affordable bracket system, along with easy-to-follow instructions that make a GaGa Ball Pit simple to build. A popular choice for schools, camps, campgrounds and other larger groups.

2by2 Industries' GaGa Ball Pits are constructed with 12" and 8" black, heavy plastic HDPE timbers and are constructed together with custom GaGa Ball steel spikes designed specifically for GaGa Ball installation and use. They offer the original In-Ground GaGa Ball Pit, a Portable GaGa Ball Pit and an In-Ground High-Wall GaGa Ball Pit.

Playground Equipment

Landscape Structures® leads the playground equipment industry in design innovation, safety, manufacturing efficiency, sustainability, and accessibility. We are their exclusive distributor in north, east, and central Texas.

Shade

Designed to block up to 97 percent of the sun's harmful UV rays and keep playground temperatures up to 30 degrees cooler, SkyWays™ Shades provide cool and reliable shade for any play, rest and activity. As their exclusive distributor, we can provide a wide variety of nylon shade canopies of all shapes, sizes, and heights.

Shelters/Awnings

Since 1964, Porter Corp has been committed to providing a better way to create individually-tailored parks that communities can be proud of. For today and for future generations, they do their best to make you proud to not just have a 'park shelter', but to have chosen a Poligon. Just as each site is distinctive, there are no 'stock' buildings at Poligon. Each building is made one-at-a-time to customer requirements.

PRODUCT LINE SHEET

Shelters/Awnings

For over 50 years, Cedar Forest Products (CFP) has been designing and creating pre-engineered structures for public and private parks, camps and recreation facilities. Hundreds of standard designs allow flexibility and customization for any requirement or budget. CFP buildings are low maintenance, designed to perform and built to last.

Site Furnishings

All of our furnishings from Landscape Structures®, including shade structures, picnic tables, benches, trash receptacles and more, are designed to coordinate with your playground. Choose from our Designer Collection, Nature-Inspired Collection or Vivid Collection. The right pieces will create a clean, safe and welcoming spot for the whole community.

New to our product line is Equiparc. For more than 35 years, Equiparc has been helping to make public spaces more beautiful by manufacturing street furniture that goes way beyond the utilitarian. Combining good design, quality and durability, our benches, tables, planters and other pieces add warmth and conviviality, enlivening everyday life.

We offer commercial outdoor furniture from MyTCoat. Products include a completely new, customizable, and innovative line of picnic tables, park benches, and trash receptacles. The unique premier coating delivers outstanding quality at great prices.

Wausau Tile's full line of contemporary metal, plastic or concrete site furnishings, are all made in the USA. Capture attention with bold benches and chairs, sleek tables, blooming planters and immovable bollards. Tie a project together with durable fences, snuffers and trash receptacles. Create the perfect park setting with a distinctive sign, sturdy bike racks and drinking fountains.

Doty & Sons manufacture a variety of styles of precast concrete waste receptacles, planters, benches and, most recently, outdoor game products. These include concrete cornhole boards, concrete ping pong tables and much more. They provide high quality standard and customized products for both large and small projects. They also work with architects and designers to make custom items to fit the individual needs of their projects.

PRODUCT LINE SHEET

Splash Pads

We can provide an endless variety of water features that entertain and keep kids cool. Aquatix® by Landscape Structures® interactive water products are perfect for municipal spray parks, aquatic centers, hotels and resorts, campgrounds, fitness centers, housing developments, military bases, amusement parks and more. Their products include splash pads, water parks, fountains, recirculation systems for water parks, etc.

Surfacing

DuraPlay Surfacing System™ is a poured-in-place, seamless rubber surface for playgrounds. Installed at different thicknesses for varying deck heights, this high-quality safety surface achieves consistent fall protection and performance exceeding CPSC guidelines. Their system is virtually maintenance free and is available in multiple colors.

The Vitriturf Playground System is comprised of a base mat consisting of 100% recycled materials mixed with a proprietary polyurethane binder and a wearing course comprised of EPDM rubber and a proprietary polyurethane binder. Vitriturf is a unique poured-in-place safety surfacing system providing seamless, porous, safe, and aesthetic surfacing. The Vitriturf System is available in many colors and graphic design features.

We are the distributor for Fibar® engineered wood fiber (made only from virgin wood), geotextile fabric, and drainage systems, in north, east, and central Texas. Fibar EWF meets all the requirements of ASTM F1292 for safety, F2075 for purity, and F1951 for wheelchair access.

Synthetic Turf Options

We offer a wide variety of synthetic turf or artificial grass options. Synthetic turf surfaces have made advancements in technology to reduce heat absorption and maintain cooler surface temperatures. Synthetic turf comes in various colors and densities, allowing for customization to match specific design preferences and requirements. And they are designed to meet the standards set by the American Society for Testing and Materials (ASTM) to ensure that the turf meets safety and quality requirements.

Additional Products

Dog-On-It-Parks designs and manufactures recreation level dog agility equipment, as well as a wide selection of dog park amenities such as drinking fountains, fire hydrants, pet wash stations, dog park benches, pet waste stations and much more. They provide solutions for dog parks, bark parks, off-leash areas and everywhere dogs are welcome.

Most Dependable Fountains, Inc. provides communities with the best possible commercial outdoor drinking fountains, bottle fillers, outdoor showers, hand washing stations, and water features available today. Their products are high quality, sturdy, and maintenance friendly. Products from Most Dependable Fountains are made to be used in any outdoor area, including parks, schools, sports facilities, dog parks, and more.

We are a design, build, and installation firm of prefabricated public restrooms and other park buildings with over forty years experience. Our modular construction approach allows us to customize any restroom or building by adding on for storage, offices, showers, concessions, etc.

At Whirlix, we strive to provide unparalleled customer service throughout the entire process. Our experienced team members will make sure everything is completed on time and to our customer's expectations and we have the support of the industry's best warranty on equipment.
